Event Summary

Building Leaders One Step at a Time will draw organizations and individuals for a walk event to raise funds to support the telos leadership foundation's mission to develop emerging leaders and board members to create diverse solutions to address our community's most pressing challenges.

To achieve our goal of $100,000 this year, we need your support. Our sponsorship packages include opportunities for your team to participate in the hike, the ability for you to share information about your organization with participants and to showcase your support for this mission.
